- CAR & TRAILER **NOW!!**
- **NO CAR & TRAILER = NO LIFT!!**

#### **(2) MOBILE CRANE**

**HAUL IN** – Strops supplied by Brisbane Etchells or by Owners.

- Backstays off, bow lines on, hold down straps off before they get to the crane. Mast cranked forward
- 3 mins ONLY for keel pad wipe. All must be ready before they get to the crane
- 2 crew members must be on the dock to receive boat once it has been hauled from the trailer
- Tow vehicle and trailer to move out immediately the boat has been hauled

**HAUL OUT** – Strops supplied by Brisbane Etchells or by Owners

- Backstays off, mast cranked forward. Bow and stern lines on before boat gets to lift out position
- A crew member of the boat to be lifted must have the tow vehicle and trailer next in line before the haul out is attached  
No car trailer = no lift!!
- A crew member must be ready with ladder to detach once the boat hits the trailer.
